International Symposium on Marine Microplastics: Sharing issues and knowledge in the Asia-Pacific region

08:30-09:00 Registration 09:00-09:20 Welcome address Session I : Emerging Issues and Concerns on Marine Microplastic Pollution 09:20-10:00 Marine microplastic pollution: An emerging contaminant of concern (Wonjoon Shim, KIOST) 10:00-10:20 Understanding and tackling marine microplastics pollution in the region of East Asia (PEMSEA) Session II : Sharing Experience, Opportunity, Challenges, and Gaps on Marine Microplastics 10:20-10:40 Country report on marine microplastic pollution: (Cambodia) 11:00-11:20 Country report on marine microplastic pollution: (China) 11:00-11:20 Country report on marine microplastic pollution: (Indonesia) 11:20-11:30 Group photo 11:30-11:50 Coffee break 11:50-12:10 Country report on marine microplastic pollution: (Japan) 12:10-12:30 Country report on marine microplastic pollution: (Lao PDR) 12:30-14:00 Lunch 14:00-14:20 Country report on marine microplastic pollution: (Philippines) 14:20-14:40 Country report on marine microplastic pollution: (RO Korea) 14:40-15:00 Country report on marine microplastic pollution: (Ro Korea) 15:00-15:20 Country report on marine microplastic pollution: (Timor-Leste) 15:20-15:40 Country report on marine microplastic pollution: (Vietnam) 15:40-16:00 Coffee break 16:00-17:00 Country Reports on marine microplastic pollution: (Vietnam) 17:00-18:00 Discussion on summarizing major common microplastic issues in the region 18:30 Welcome dinner 2nd Day (20 September 2019) Session III : Scientific Perspective and Approach in Marine Microplastics 09:00-09:30 Sampling and analytical methods for marine microplastics (Wonjoon Shim, KIOST) 10:30-11:30 Effects of microplastics on marine organisms (Junewoo Park, KIT) Session IV : Overall Discussions 11:30-12:30 Discussion on developing a joint monitoring and research program 12:30-12:40 Ciosing remark 12:30-12:40 Ciosing remark 12:40-14:00 Lunch Session V: Technical Tour 14:00-18:00 Site visit and sampling practice on microplastics in a beach	1st Day (19 September 2019)	
Session I: Emerging Issues and Concerns on Marine Microplastic Pollution 09:20-10:00	08:30-09:00	Registration
Marine microplastic pollution: An emerging contaminant of concern (Worijoon Shim, KIOST) 10:00-10:20 Session II: Sharing Experience, Opportunity, Challenges, and Gaps on Marine Microplastics 10:20-10:40 Country report on marine microplastic pollution: (Cambodia) 11:00-11:20 Country report on marine microplastic pollution: (China) 11:00-11:20 Country report on marine microplastic pollution: (Indonesia) 11:20-11:30 Group photo 11:30-11:50 Coffee break 11:50-12:10 Country report on marine microplastic pollution: (Japan) 12:10-12:30 Country report on marine microplastic pollution: (Japan) 12:30-14:00 Lunch 14:00-14:20 Country report on marine microplastic pollution: (RO Korea) 14:20-14:40 Country report on marine microplastic pollution: (RO Korea) 14:40-15:00 Country report on marine microplastic pollution: (Singapore) 15:00-15:20 Country report on marine microplastic pollution: (Vietnam) 15:40-16:00 Coffee break 16:00-17:00 Country Report on marine microplastic pollution: (Vietnam) 15:40-16:00 Coffee break Country Report on marine microplastic pollution from ASEAN and APEC Countries (optional) 17:00-18:00 Discussion on summarizing major common microplastic issues in the region 18:30- 2nd Day (20 September 2019) Session III: Scientific Perspective and Approach in Marine Microplastics 09:00-09:30 Sampling and analytical methods for marine microplastics (Wonjoon Shim, KIOST) 09:30-10:00 Toxic chemicals associated with marine plastic litter (Sanghee Hong, KIOST) 10:00-10:30 Source and input pathway of microplastic to the ocean (Youngkyoung Song, KIOST) 10:30-11:30 Effects of microplastics on marine organisms (Junewoo Park, KIT) Session IV: Overall Discussion on developing a joint monitoring and research program 12:30-12:40 Closing remark 12:40-14:00 Site visit and sampling practice on microplastics in a beach	09:00-09:20	Welcome address
Wonjoon Shim, KIOST)	Session I : Emerging Issues and Concerns on Marine Microplastic Pollution	
REMSEA Session II : Sharing Experience, Opportunity, Challenges, and Gaps on Marine Microplastics	09:20-10:00	(Wonjoon Shim, KIOST)
10:20-10:40 Country report on marine microplastic pollution: (Cambodia) 10:40-11:00 Country report on marine microplastic pollution: (China) 11:00-11:20 Country report on marine microplastic pollution: (Indonesia) 11:20-11:30 Group photo 11:30-11:50 Coffee break 11:50-12:10 Country report on marine microplastic pollution: (Japan) 12:10-12:30 Country report on marine microplastic pollution: (Lao PDR) 12:30-14:00 Lunch 14:00-14:20 Country report on marine microplastic pollution: (Philippines) 14:20-14:40 Country report on marine microplastic pollution: (RO Korea) 14:40-15:00 Country report on marine microplastic pollution: (Singapore) 15:00-15:20 Country report on marine microplastic pollution: (Timor-Leste) 15:20-15:40 Country report on marine microplastic pollution: (Vietnam) 15:40-16:00 Coffee break 16:00-17:00 Coffee break 16:00-17:00 Discussion on summarizing major common microplastic issues in the region 18:30- Welcome dinner 2nd Day (20 September 2019) Session III : Scientific Perspective and Approach in Marine Microplastics 09:00-09:30 Sampling and analytical methods for marine microplastics (Wonjoon Shim, KIOST) 10:00-10:30 Coffee Break 11:00-11:30 Effects of microplastics on marine organisms (Junewoo Park, KIT) Session IV: Overall Discussions 11:30-12:40 Closing remark 12:40-14:00 Lunch Session V: Technical Tour 14:00-18:00 Site visit and sampling practice on microplastics in a beach		(PEMSEA)
10:40-11:00 Country report on marine microplastic pollution: (China) 11:00-11:20 Gountry report on marine microplastic pollution: (Indonesia) 11:20-11:30 Group photo 11:30-11:50 Coffee break 11:50-12:10 Country report on marine microplastic pollution: (Japan) 12:10-12:30 Country report on marine microplastic pollution: (Lao PDR) 12:30-14:00 Lunch 14:00-14:20 Country report on marine microplastic pollution: (Philippines) 14:20-14:40 Country report on marine microplastic pollution: (RO Korea) 14:40-15:00 Country report on marine microplastic pollution: (Singapore) 15:00-15:20 Country report on marine microplastic pollution: (Timor-Leste) 15:20-15:40 Country report on marine microplastic pollution: (Vietnam) 15:40-16:00 Coffee break 16:00-17:00 Country Reports on marine microplastic pollution from ASEAN and APEC Countries (optional) 17:00-18:00 Discussion on summarizing major common microplastic issues in the region 18:30 Welcome dinner 2nd Day (20 September 2019) Session III : Scientific Perspective and Approach in Marine Microplastics 09:00-09:30 Sampling and analytical methods for marine microplastics (Wonjoon Shim, KIOST) 10:00-10:30 (Gree Break 11:00-11:30 Effects of microplastics on marine organisms (Junewoo Park, KIT) Session IV : Overall Discussions 11:30-12:40 Closing remark 12:30-12:40 Closing remark 12:30-12:40 Closing remark 12:30-13:00 Site visit and sampling practice on microplastics in a beach		
11:00-11:20 Country report on marine microplastic pollution: (Indonesia) 11:20-11:30 Group photo 11:30-11:50 Coffee break 11:50-12:10 Country report on marine microplastic pollution: (Japan) 12:10-12:30 Country report on marine microplastic pollution: (Lao PDR) 12:30-14:00 Lunch 14:00-14:20 Country report on marine microplastic pollution: (Philippines) 14:20-14:40 Country report on marine microplastic pollution: (RO Korea) 14:40-15:00 Country report on marine microplastic pollution: (Singapore) 15:00-15:20 Country report on marine microplastic pollution: (Timor-Leste) 15:20-15:40 Country report on marine microplastic pollution: (Vietnam) 15:40-16:00 Coffee break 16:00-17:00 Coffee break 16:00-17:00 Discussion on summarizing major common microplastic issues in the region 18:30- Welcome dinner 2nd Day (20 September 2019) Session III: Scientific Perspective and Approach in Marine Microplastics 09:00-09:30 Sampling and analytical methods for marine microplastics (Wonjoon Shim, KIOST) 09:30-10:00 Toxic chemicals associated with marine plastic litter (Sanghee Hong, KIOST) 10:00-10:30 Source and input pathway of microplastic to the ocean (Youngkyoung Song, KIOST) 10:30-11:00 Coffee Break 11:00-11:30 Effects of microplastics on marine organisms (Junewoo Park, KIT) Session IV: Overall Discussions 11:30-12:40 Closing remark 12:30-12:40 Closing remark 12:40-14:00 Lunch Session V: Technical Tour		
11:20-11:30 Group photo 11:30-11:50 Coffee break 11:50-12:10 Country report on marine microplastic pollution: (Japan) 12:10-12:30 Country report on marine microplastic pollution: (Lao PDR) 12:30-14:00 Lunch 14:00-14:20 Country report on marine microplastic pollution: (Philippines) 14:20-14:40 Country report on marine microplastic pollution: (RO Korea) 14:40-15:00 Country report on marine microplastic pollution: (Singapore) 15:00-15:20 Country report on marine microplastic pollution: (Timor-Leste) 15:20-15:40 Country report on marine microplastic pollution: (Vietnam) 15:40-16:00 Coffee break 16:00-17:00 Country Reports on marine microplastic pollution from ASEAN and APEC Countries (optional) 17:00-18:00 Discussion on summarizing major common microplastic issues in the region 18:30- Welcome dinner 2nd Day (20 September 2019) Session III: Scientific Perspective and Approach in Marine Microplastics 09:00-09:30 Sampling and analytical methods for marine microplastics (Wonjoon Shim, KIOST) 09:30-10:00 Toxic chemicals associated with marine plastic litter (Sanghee Hong, KIOST) 10:00-10:30 Source and input pathway of microplastic to the ocean (Youngkyoung Song, KIOST) 10:30-11:30 Effects of microplastics on marine organisms (Junewoo Park, KIT) Session IV: Overall Discussions 11:30-12:30 Discussion on developing a joint monitoring and research program 12:30-12:40 Closing remark 12:40-14:00 Lunch Session V: Technical Tour 14:00-18:00 Site visit and sampling practice on microplastics in a beach		
11:30-11:50 Coffee break 11:50-12:10 Country report on marine microplastic pollution: (Japan) 12:10-12:30 Country report on marine microplastic pollution: (Lao PDR) 12:30-14:00 Lunch 14:00-14:20 Country report on marine microplastic pollution: (Philippines) 14:20-14:40 Country report on marine microplastic pollution: (RO Korea) 14:40-15:00 Country report on marine microplastic pollution: (Singapore) 15:00-15:20 Country report on marine microplastic pollution: (Timor-Leste) 15:20-15:40 Country report on marine microplastic pollution: (Vietnam) 15:40-16:00 Coffee break 16:00-17:00 Country Reports on marine microplastic pollution from ASEAN and APEC Countries (optional) 17:00-18:00 Discussion on summarizing major common microplastic issues in the region 18:30- Welcome dinner 2nd Day (20 September 2019) Session III: Scientific Perspective and Approach in Marine Microplastics 09:00-09:30 Sampling and analytical methods for marine microplastics (Wonjoon Shim, KIOST) 09:30-10:00 Toxic chemicals associated with marine plastic litter (Sanghee Hong, KIOST) 10:00-10:30 Source and input pathway of microplastic to the ocean (Youngkyoung Song, KIOST) 10:30-11:00 Coffee Break 11:00-11:30 Effects of microplastics on marine organisms (Junewoo Park, KIT) Session IV: Overall Discussions 11:30-12:30 Discussion on developing a joint monitoring and research program 12:30-12:40 Closing remark 12:40-14:00 Lunch Session V: Technical Tour 14:00-18:00 Site visit and sampling practice on microplastics in a beach		
11:50-12:10 Country report on marine microplastic pollution: (Japan) 12:10-12:30 Country report on marine microplastic pollution: (Lao PDR) 12:30-14:00 Lunch 14:00-14:20 Country report on marine microplastic pollution: (Philippines) 14:20-14:40 Country report on marine microplastic pollution: (RO Korea) 14:40-15:00 Country report on marine microplastic pollution: (Singapore) 15:00-15:20 Country report on marine microplastic pollution: (Timor-Leste) 15:20-15:40 Country report on marine microplastic pollution: (Vietnam) 15:40-16:00 Coffee break 16:00-17:00 Country Reports on marine microplastic pollution from ASEAN and APEC Countries (optional) 17:00-18:00 Discussion on summarizing major common microplastic issues in the region 18:30- Welcome dinner 2nd Day (20 September 2019) Session III: Scientific Perspective and Approach in Marine Microplastics 09:00-09:30 Sampling and analytical methods for marine microplastics (Wonjoon Shim, KIOST) 09:30-10:00 Toxic chemicals associated with marine plastic litter (Sanghee Hong, KIOST) 10:00-10:30 Source and input pathway of microplastic to the ocean (Youngkyoung Song, KIOST) 10:30-11:00 Coffee Break 11:00-11:30 Effects of microplastics on marine organisms (Junewoo Park, KIT) Session IV: Overall Discussions 11:30-12:30 Discussion on developing a joint monitoring and research program 12:30-12:40 Closing remark 12:40-14:00 Lunch Session V: Technical Tour		
12:10-12:30 Country report on marine microplastic pollution: (Lao PDR) 12:30-14:00 Lunch 14:00-14:20 Country report on marine microplastic pollution: (Philippines) 14:20-14:40 Country report on marine microplastic pollution: (RO Korea) 14:40-15:00 Country report on marine microplastic pollution: (Singapore) 15:00-15:20 Country report on marine microplastic pollution: (Timor-Leste) 15:20-15:40 Country report on marine microplastic pollution: (Vietnam) 15:40-16:00 Coffee break 16:00-17:00 Country Reports on marine microplastic pollution from ASEAN and APEC Countries (optional) 17:00-18:00 Discussion on summarizing major common microplastic issues in the region 18:30- Welcome dinner 2nd Day (20 September 2019) Session III : Scientific Perspective and Approach in Marine Microplastics 09:00-09:30 Sampling and analytical methods for marine microplastics (Wonjoon Shim, KIOST) 09:30-10:00 Toxic chemicals associated with marine plastic litter (Sanghee Hong, KIOST) 10:00-10:30 Source and input pathway of microplastic to the ocean (Youngkyoung Song, KIOST) 10:30-11:00 Coffee Break 11:00-11:30 Effects of microplastics on marine organisms (Junewoo Park, KIT) Session IV : Overall Discussions 11:30-12:30 Discussion on developing a joint monitoring and research program 12:30-12:40 Closing remark 12:40-14:00 Lunch Session V : Technical Tour 14:00-18:00 Site visit and sampling practice on microplastics in a beach		
12:30-14:00 Lunch 14:00-14:20 Country report on marine microplastic pollution: (Philippines) 14:20-14:40 Country report on marine microplastic pollution: (RO Korea) 14:40-15:00 Country report on marine microplastic pollution: (Singapore) 15:00-15:20 Country report on marine microplastic pollution: (Timor-Leste) 15:20-15:40 Country report on marine microplastic pollution: (Vietnam) 15:40-16:00 Coffee break 16:00-17:00 Country Reports on marine microplastic pollution from ASEAN and APEC Countries (optional) 17:00-18:00 Discussion on summarizing major common microplastic issues in the region 18:30- Welcome dinner 2nd Day (20 September 2019) Session III: Scientific Perspective and Approach in Marine Microplastics 09:00-09:30 Sampling and analytical methods for marine microplastics (Wonjoon Shim, KIOST) 09:30-10:00 Toxic chemicals associated with marine plastic litter (Sanghee Hong, KIOST) 10:00-10:30 Source and input pathway of microplastic to the ocean (Youngkyoung Song, KIOST) 10:30-11:00 Coffee Break 11:00-11:30 Effects of microplastics on marine organisms (Junewoo Park, KIT) Session IV: Overall Discussions 11:30-12:40 Closing remark 12:40-14:00 Lunch Session V: Technical Tour 14:00-18:00 Site visit and sampling practice on microplastics in a beach		
14:00-14:20 Country report on marine microplastic pollution: (Philippines) 14:20-14:40 Country report on marine microplastic pollution: (RO Korea) 14:40-15:00 Country report on marine microplastic pollution: (Singapore) 15:00-15:20 Country report on marine microplastic pollution: (Timor-Leste) 15:20-15:40 Country report on marine microplastic pollution: (Vietnam) 15:40-16:00 Coffee break 16:00-17:00 Country Reports on marine microplastic pollution from ASEAN and APEC Countries (optional) 17:00-18:00 Discussion on summarizing major common microplastic issues in the region 18:30- Welcome dinner 2nd Day (20 September 2019) Session III: Scientific Perspective and Approach in Marine Microplastics 09:00-09:30 Sampling and analytical methods for marine microplastics (Wonjoon Shim, KIOST) 09:30-10:00 Toxic chemicals associated with marine plastic litter (Sanghee Hong, KIOST) 10:00-10:30 Source and input pathway of microplastic to the ocean (Youngkyoung Song, KIOST) 10:30-11:00 Coffee Break 11:00-11:30 Effects of microplastics on marine organisms (Junewoo Park, KIT) Session IV: Overall Discussions 11:30-12:30 Discussion on developing a joint monitoring and research program 12:30-12:40 Closing remark 12:40-14:00 Lunch Session V: Technical Tour 14:00-18:00 Site visit and sampling practice on microplastics in a beach		
14:20-14:40 Country report on marine microplastic pollution: (RO Korea) 14:40-15:00 Country report on marine microplastic pollution: (Singapore) 15:00-15:20 Country report on marine microplastic pollution: (Timor-Leste) 15:20-15:40 Country report on marine microplastic pollution: (Vietnam) 15:40-16:00 Coffee break 16:00-17:00 Country Reports on marine microplastic pollution from ASEAN and APEC Countries (optional) 17:00-18:00 Discussion on summarizing major common microplastic issues in the region 18:30- Welcome dinner 2nd Day (20 September 2019) Session III: Scientific Perspective and Approach in Marine Microplastics 09:00-09:30 Sampling and analytical methods for marine microplastics (Wonjoon Shim, KIOST) 09:30-10:00 Toxic chemicals associated with marine plastic litter (Sanghee Hong, KIOST) 10:00-10:30 Source and input pathway of microplastic to the ocean (Youngkyoung Song, KIOST) 10:30-11:00 Coffee Break 11:00-11:30 Effects of microplastics on marine organisms (Junewoo Park, KIT) Session IV: Overall Discussions 11:30-12:30 Discussion on developing a joint monitoring and research program 12:30-12:40 Closing remark 12:40-14:00 Lunch Session V: Technical Tour 14:00-18:00 Site visit and sampling practice on microplastics in a beach	12:30-14:00	Lunch
14:40-15:00 Country report on marine microplastic pollution: (Singapore) 15:00-15:20 Country report on marine microplastic pollution: (Timor-Leste) 15:20-15:40 Country report on marine microplastic pollution: (Vietnam) 15:40-16:00 Coffee break 16:00-17:00 Country Reports on marine microplastic pollution from ASEAN and APEC Countries (optional) 17:00-18:00 Discussion on summarizing major common microplastic issues in the region 18:30- Welcome dinner 2nd Day (20 September 2019) Session III : Scientific Perspective and Approach in Marine Microplastics 09:00-09:30 Sampling and analytical methods for marine microplastics (Wonjoon Shim, KIOST) 09:30-10:00 Toxic chemicals associated with marine plastic litter (Sanghee Hong, KIOST) 10:00-10:30 Source and input pathway of microplastic to the ocean (Youngkyoung Song, KIOST) 10:30-11:00 Coffee Break 11:00-11:30 Effects of microplastics on marine organisms (Junewoo Park, KIT) Session IV : Overall Discussions 11:30-12:30 Discussion on developing a joint monitoring and research program 12:30-12:40 Closing remark 12:40-14:00 Lunch Session V : Technical Tour 14:00-18:00 Site visit and sampling practice on microplastics in a beach	14:00-14:20	Country report on marine microplastic pollution: (Philippines)
15:00-15:20 Country report on marine microplastic pollution: (Timor-Leste) 15:20-15:40 Country report on marine microplastic pollution: (Vietnam) 15:40-16:00 Coffee break 16:00-17:00 Country Reports on marine microplastic pollution from ASEAN and APEC Countries (optional) 17:00-18:00 Discussion on summarizing major common microplastic issues in the region 18:30- Welcome dinner 2nd Day (20 September 2019) Session III: Scientific Perspective and Approach in Marine Microplastics 09:00-09:30 Sampling and analytical methods for marine microplastics (Wonjoon Shim, KIOST) 09:30-10:00 Toxic chemicals associated with marine plastic litter (Sanghee Hong, KIOST) 10:00-10:30 Source and input pathway of microplastic to the ocean (Youngkyoung Song, KIOST) 10:30-11:00 Coffee Break 11:00-11:30 Effects of microplastics on marine organisms (Junewoo Park, KIT) Session IV: Overall Discussions 11:30-12:30 Discussion on developing a joint monitoring and research program 12:30-12:40 Closing remark 12:40-14:00 Lunch Session V: Technical Tour 14:00-18:00 Site visit and sampling practice on microplastics in a beach	14:20-14:40	Country report on marine microplastic pollution: (RO Korea)
15:20-15:40 Country report on marine microplastic pollution: (Vietnam) 15:40-16:00 Coffee break 16:00-17:00 Country Reports on marine microplastic pollution from ASEAN and APEC Countries (optional) 17:00-18:00 Discussion on summarizing major common microplastic issues in the region 18:30- Welcome dinner 2nd Day (20 September 2019) Session III: Scientific Perspective and Approach in Marine Microplastics 09:00-09:30 Sampling and analytical methods for marine microplastics (Wonjoon Shim, KIOST) 09:30-10:00 Toxic chemicals associated with marine plastic litter (Sanghee Hong, KIOST) 10:00-10:30 Source and input pathway of microplastic to the ocean (Youngkyoung Song, KIOST) 10:30-11:00 Coffee Break 11:00-11:30 Effects of microplastics on marine organisms (Junewoo Park, KIT) Session IV: Overall Discussions 11:30-12:30 Discussion on developing a joint monitoring and research program 12:30-12:40 Closing remark 12:40-14:00 Lunch Session V: Technical Tour 14:00-18:00 Site visit and sampling practice on microplastics in a beach	14:40-15:00	Country report on marine microplastic pollution: (Singapore)
15:40-16:00 Coffee break 16:00-17:00 Country Reports on marine microplastic pollution from ASEAN and APEC Countries (optional) 17:00-18:00 Discussion on summarizing major common microplastic issues in the region 18:30- Welcome dinner 2nd Day (20 September 2019) Session III: Scientific Perspective and Approach in Marine Microplastics 09:00-09:30 Sampling and analytical methods for marine microplastics (Wonjoon Shim, KIOST) 09:30-10:00 Toxic chemicals associated with marine plastic litter (Sanghee Hong, KIOST) 10:00-10:30 Source and input pathway of microplastic to the ocean (Youngkyoung Song, KIOST) 10:30-11:00 Coffee Break 11:00-11:30 Effects of microplastics on marine organisms (Junewoo Park, KIT) Session IV: Overall Discussions 11:30-12:30 Discussion on developing a joint monitoring and research program 12:30-12:40 Closing remark 12:40-14:00 Lunch Session V: Technical Tour 14:00-18:00 Site visit and sampling practice on microplastics in a beach	15:00-15:20	Country report on marine microplastic pollution: (Timor-Leste)
Country Reports on marine microplastic pollution from ASEAN and APEC Countries (optional) 17:00-18:00 Discussion on summarizing major common microplastic issues in the region 18:30- Welcome dinner 2nd Day (20 September 2019) Session III: Scientific Perspective and Approach in Marine Microplastics 09:00-09:30 Sampling and analytical methods for marine microplastics (Wonjoon Shim, KIOST) 09:30-10:00 Toxic chemicals associated with marine plastic litter (Sanghee Hong, KIOST) 10:00-10:30 Source and input pathway of microplastic to the ocean (Youngkyoung Song, KIOST) 10:30-11:00 Coffee Break 11:00-11:30 Effects of microplastics on marine organisms (Junewoo Park, KIT) Session IV: Overall Discussions 11:30-12:30 Discussion on developing a joint monitoring and research program 12:30-12:40 Closing remark 12:40-14:00 Lunch Session V: Technical Tour 14:00-18:00 Site visit and sampling practice on microplastics in a beach	15:20-15:40	Country report on marine microplastic pollution: (Vietnam)
17:00-18:00 Discussion on summarizing major common microplastic issues in the region 18:30- Welcome dinner 2nd Day (20 September 2019) Session III: Scientific Perspective and Approach in Marine Microplastics 09:00-09:30 Sampling and analytical methods for marine microplastics (Wonjoon Shim, KIOST) 09:30-10:00 Toxic chemicals associated with marine plastic litter (Sanghee Hong, KIOST) 10:00-10:30 Source and input pathway of microplastic to the ocean (Youngkyoung Song, KIOST) 10:30-11:00 Coffee Break 11:00-11:30 Effects of microplastics on marine organisms (Junewoo Park, KIT) Session IV: Overall Discussions 11:30-12:30 Discussion on developing a joint monitoring and research program 12:30-12:40 Closing remark 12:40-14:00 Lunch Session V: Technical Tour 14:00-18:00 Site visit and sampling practice on microplastics in a beach	15:40-16:00	Coffee break
18:30- Welcome dinner 2nd Day (20 September 2019) Session III: Scientific Perspective and Approach in Marine Microplastics 09:00-09:30 Sampling and analytical methods for marine microplastics (Wonjoon Shim, KIOST) 09:30-10:00 Toxic chemicals associated with marine plastic litter (Sanghee Hong, KIOST) 10:00-10:30 Source and input pathway of microplastic to the ocean (Youngkyoung Song, KIOST) 10:30-11:00 Coffee Break 11:00-11:30 Effects of microplastics on marine organisms (Junewoo Park, KIT) Session IV: Overall Discussions 11:30-12:30 Discussion on developing a joint monitoring and research program 12:30-12:40 Closing remark 12:40-14:00 Lunch Session V: Technical Tour 14:00-18:00 Site visit and sampling practice on microplastics in a beach	16:00-17:00	
2nd Day (20 September 2019)Session III : Scientific Perspective and Approach in Marine Microplastics09:00-09:30Sampling and analytical methods for marine microplastics (Wonjoon Shim, KIOST)09:30-10:00Toxic chemicals associated with marine plastic litter (Sanghee Hong, KIOST)10:00-10:30Source and input pathway of microplastic to the ocean (Youngkyoung Song, KIOST)10:30-11:00Coffee Break11:00-11:30Effects of microplastics on marine organisms (Junewoo Park, KIT)Session IV : Overall Discussions11:30-12:30Discussion on developing a joint monitoring and research program12:30-12:40Closing remark12:40-14:00LunchSession V : Technical Tour14:00-18:00Site visit and sampling practice on microplastics in a beach	17:00-18:00	Discussion on summarizing major common microplastic issues in the region
Session III: Scientific Perspective and Approach in Marine Microplastics 09:00-09:30 Sampling and analytical methods for marine microplastics (Wonjoon Shim, KIOST) 09:30-10:00 Toxic chemicals associated with marine plastic litter (Sanghee Hong, KIOST) 10:00-10:30 Source and input pathway of microplastic to the ocean (Youngkyoung Song, KIOST) 10:30-11:00 Coffee Break 11:00-11:30 Effects of microplastics on marine organisms (Junewoo Park, KIT) Session IV: Overall Discussions 11:30-12:30 Discussion on developing a joint monitoring and research program 12:30-12:40 Closing remark 12:40-14:00 Lunch Session V: Technical Tour 14:00-18:00 Site visit and sampling practice on microplastics in a beach	18:30-	Welcome dinner
09:00-09:30 Sampling and analytical methods for marine microplastics (Wonjoon Shim, KIOST) 09:30-10:00 Toxic chemicals associated with marine plastic litter (Sanghee Hong, KIOST) 10:00-10:30 Source and input pathway of microplastic to the ocean (Youngkyoung Song, KIOST) 10:30-11:00 Coffee Break 11:00-11:30 Effects of microplastics on marine organisms (Junewoo Park, KIT) Session IV: Overall Discussions 11:30-12:30 Discussion on developing a joint monitoring and research program 12:30-12:40 Closing remark 12:40-14:00 Lunch Session V: Technical Tour 14:00-18:00 Site visit and sampling practice on microplastics in a beach		
09:30-10:00 Toxic chemicals associated with marine plastic litter (Sanghee Hong, KIOST) 10:00-10:30 Source and input pathway of microplastic to the ocean (Youngkyoung Song, KIOST) 10:30-11:00 Coffee Break 11:00-11:30 Effects of microplastics on marine organisms (Junewoo Park, KIT) Session IV: Overall Discussions 11:30-12:30 Discussion on developing a joint monitoring and research program 12:30-12:40 Closing remark 12:40-14:00 Lunch Session V: Technical Tour 14:00-18:00 Site visit and sampling practice on microplastics in a beach	Session III : Scientif	ic Perspective and Approach in Marine Microplastics
10:00-10:30 Source and input pathway of microplastic to the ocean (Youngkyoung Song, KIOST) 10:30-11:00 Coffee Break 11:00-11:30 Effects of microplastics on marine organisms (Junewoo Park, KIT) Session IV: Overall Discussions 11:30-12:30 Discussion on developing a joint monitoring and research program 12:30-12:40 Closing remark 12:40-14:00 Lunch Session V: Technical Tour 14:00-18:00 Site visit and sampling practice on microplastics in a beach	09:00-09:30	Sampling and analytical methods for marine microplastics (Wonjoon Shim, KIOST)
10:30-10:30 (Youngkyoung Song, KIOST) 10:30-11:00 Coffee Break 11:00-11:30 Effects of microplastics on marine organisms (Junewoo Park, KIT) Session IV: Overall Discussions 11:30-12:30 Discussion on developing a joint monitoring and research program 12:30-12:40 Closing remark 12:40-14:00 Lunch Session V: Technical Tour 14:00-18:00 Site visit and sampling practice on microplastics in a beach	09:30-10:00	Toxic chemicals associated with marine plastic litter (Sanghee Hong, KIOST)
11:00-11:30 Effects of microplastics on marine organisms (Junewoo Park, KIT) Session IV: Overall Discussions 11:30-12:30 Discussion on developing a joint monitoring and research program 12:30-12:40 Closing remark 12:40-14:00 Lunch Session V: Technical Tour 14:00-18:00 Site visit and sampling practice on microplastics in a beach	10:00-10:30	
Session IV: Overall Discussions 11:30-12:30 Discussion on developing a joint monitoring and research program 12:30-12:40 Closing remark 12:40-14:00 Lunch Session V: Technical Tour 14:00-18:00 Site visit and sampling practice on microplastics in a beach	10:30-11:00	Coffee Break
11:30-12:30 Discussion on developing a joint monitoring and research program 12:30-12:40 Closing remark 12:40-14:00 Lunch Session V: Technical Tour 14:00-18:00 Site visit and sampling practice on microplastics in a beach	11:00-11:30	Effects of microplastics on marine organisms (Junewoo Park, KIT)
12:30-12:40 Closing remark 12:40-14:00 Lunch Session V: Technical Tour 14:00-18:00 Site visit and sampling practice on microplastics in a beach	Session IV : Overall Discussions	
12:40-14:00 Lunch Session V : Technical Tour 14:00-18:00 Site visit and sampling practice on microplastics in a beach	11:30-12:30	Discussion on developing a joint monitoring and research program
Session V : Technical Tour 14:00-18:00 Site visit and sampling practice on microplastics in a beach	12:30-12:40	Closing remark
14:00-18:00 Site visit and sampling practice on microplastics in a beach	12:40-14:00	Lunch
	Session V : Technical Tour	
18:30 ~ Farewell dinner	14:00-18:00	Site visit and sampling practice on microplastics in a beach
	18:30 ~	Farewell dinner
